

## Welcome to the first Newsletter of the EU-H2020 funded project "TRansition paths to sUustainable legume based systems in Europe" (TRUE)

*The project partners are delighted to welcome you to the first of the TRUE newsletters, and which we hope you will find the information and links we provide both interesting and useful.*

In the first 6 months of the project which started on April 1<sup>st</sup> 2017, our activity has been intense and we are happy that the first months of the project have proven a successful with all the partners meeting for the first time at the Kick off meeting in Edinburgh, initiating all the Work Package and Case Study activities, and we are already adding value to these efforts *via* the building of new innovation networks within the project, and other related EU- and nationally-funded projects and legume researchers. For more information about the structure of TRUE please visit our website [www.true-project.eu](http://www.true-project.eu).

Some special parts of the website may be of more interest to you such as:

- **[Blog "Notes from the Field"](#)**: where you will find regular short contributions by TRUE members regarding the research and innovation progress in the Case Studies and Work Packages. [Read more ...](#)
- **[Press Releases and Reviews](#)**: including our latest press release which was published ahead of the "[World Food Day](#)", and discussed the capacity of legumes contributions to fight hunger and global warming. [Read more ...](#)
